

Employment Opportunities

We are now hiring for the 2024 Australian snow season. Our season commences in early June (and that's when we open) and concludes 6th October 2024. We expect most staff to arrive by 8 June 2024 (King's Birthday long weekend).

We love having a mix of Australian and overseas people work with us. In 2023, we had people from France, Chile, Hong Kong, China as well as Melbourne, regional Victoria, New South Wales, Queensland, and South Australia. Each year we assemble a small passionate team of approximately 15 staff. Each and every member of staff is very important to us. We become one big family for the Aussie winter!
